MESSRS. ALEXANDER THOM and Co. (Limited), or MESSRS. HODGES, FROTHAM, and Co., of Dublin.

1885.

[C.—4509.] Price 1½d.

ANNUAL REPORT
OF THE
COMMISSIONERS OF EDUCATION IN IRELAND,
FOR THE YEAR 1884-1885.

TO HIS EXCELLENCY HENRY HOWARD MOLYNEUX, EARL OF CARNARVON,
LORD LIEUTENANT-GENERAL AND GENERAL GOVERNOR OF IRELAND, &c., &c.

We, the Commissioners of Education in Ireland, constituted by Acts of Parliament passed in the reigns of their late Majesties King George the Third and George the Fourth, respectfully submit to Your Excellency the following General Report of our proceedings during the year 1884-85.

Since the date of our last Report there has been no change in the non-ex-officio members of this Commission.

Upon the subject of legislation in regard to the Endowed schools of Ireland, we beg to refer to our Annual Report for last year, to which there is but little further for us now to add. No change has as yet taken place in reference to any of the matters therein mentioned; but as at the present date a Bill dealing with the Educational Endowments of Ireland is under the consideration of Parliament, we do not think there is any necessity for us to point out the want of such legislation. We wish, however, to mention that previous to the introduction of that Bill we were requested by a letter from the Under-Secretary to favour Your Excellency's predecessor with our views upon the subject matter of it, and we beg to call Your Excellency's attention to our letter in reply. Our opinion, as expressed in that letter, remains unaltered; namely to the effect that it is not expedient that any Commissioners to be appointed should be paid Commissioners compelled to devote their whole time to the duties to be imposed upon them; that we believe men of the highest social and intellectual position would be willing to act upon such a Commission without salary, and that such an arrangement would be more satisfactory. Upon the other points of the Bill we did not think it advisable to express any opinion.

SCHOOLS.

The average attendance at our higher schools is about the same as in the previous year. This calculation is made without taking any account of the Grammar Schools not vested in us, inasmuch as returns from these schools are not furnished to us officially; and though, as matter of courtesy, the head masters of many of these schools have made returns to us, we have not received a sufficient number to enable us to take account of them.

ROYAL SCHOOLS.

The number on the rolls of these schools (omitting Caryfort as being but a primary school) during the past year was 221 (88 boarders, 133 day pupils), as compared with 239 (100 boarders, 139 day pupils) during the year 1883-84. The pupils classified according to religious belief, numbered 169 members of the Church of Ireland, as compared with 188 for the previous year; 13 members of the Roman Catholic Church, compared with 19 of the previous year; 39 members of other church bodies, as compared with 32 for the previous year.

We have been unable to modify the announcement referred to in our last Report in respect to Royal Scholarships, viz.: that payments on account thereof will only be made where there is a surplus available for that purpose after the payment of all prior charges upon the respective school funds. We are unable to apply the surplus of one Royal School Fund in aid of another.

Armagh.—In number of pupils this is far the most flourishing of the Royal Schools. Owing to want of funds Royal Scholarships on this foundation still remain suspended.

Banagher.—There is a larger decrease per cent. shown in this school in the number of pupils, than in any other Royal School. We have in former reports pointed out that there does not seem much hope that this school will ever attract a large attendance.

THE COMMISSIONERS OF EDUCATION IN IRELAND.

The endowment in our opinion is too small to support an efficient school. With regard to the outstanding debt to Her Majesty's Treasury, incurred on behalf of this school and referred to in our Report for 1883-84, the Treasury still press for payment, and we are advised that if the Treasury insist on this payment, no course is open to us but to close the school until the loan is repaid.

Carysfort.—There is nothing to note in the case of this school.

Cavan.—This is the only Royal School which shows an increase in the number of pupils.

Enniskillen.—We have thought it proper to discontinue an allowance of £90 a year for a third master at this school in consequence of the small number of pupils.

Dungannon, } There is nothing to note in the case of these schools.
Raphoe. }

DIOCESAN SCHOOLS.

There are no changes to be noted in the past year.

GRAMMAR SCHOOLS VESTED IN THE COMMISSIONERS.

Navan School.—There has been some damage done to this school by a fire which has taken place within the last few days and into which we are at present making inquiries to ascertain the amount of damage done and the origin of the occurrence. The school is fully insured.

Ballyroan, }
Middleton, } There are no changes to be noted in these schools.
Clonmel,

GRAMMAR SCHOOLS NOT VESTED IN THE COMMISSIONERS.

We have received returns from many, but by far from all, of these schools, from which it appears that several of the schools have passed into new hands within the last two years. The returns show no very flourishing state of things, but still are not entirely unfavourable.

PRIMARY SCHOOLS VESTED IN THE COMMISSIONERS.

These schools show a slight increase in point of numbers. No other changes worthy of note are reported.

PRIMARY SCHOOLS NOT VESTED.

From only two such schools have we any return, viz., Athlone and Cloyne. These accounts are very satisfactory. No changes are reported us as having occurred.

ESTATE MANAGEMENT.

The payment of rent during the past year has been satisfactory, save on our Dungannon Estate. On a rental of £7,761 17s. 11d., we have received £7,758 12s. 2d. Last year the figures were—rental, £7,850 12s. 4d., and receipts £7,878 0s. 7d.

The arrears of rent now due to us are £4,282 5s. 11d., as compared with £4,684 2s. 8d. of last year. We have cancelled £228 19s. 11d. of old arrears, and of the arrears shown in last year's report a sum of £136 2s. 6d. is being accounted for by the Executors of Mr. R. Owen, our late agent.

The action of the Land Act has further reduced our rental from £7,850 12s. 4d. to £7,761 17s. 11d.

We have expended a sum of £225 9s. 8d. on works of estate improvement.

Our relations with our tenants continue to be very satisfactory on most of our estates; but a number of the tenants on our Cappaloughlin estate are setting up adverse claims to certain rights of turbary and to turf lands, which, in the opinion of our agent, would require to be resisted by legal measures at once. We are inquiring into the nature of the case, and will proceed as advised.

We make the following remarks from our agents' reports:—

Cappaloughlin.—On this estate, which forms the endowment of Navan and Ballyroan schools, all rents have been cleared up to March, 1884. The year was a trying one in many respects, but things are, on the whole, very satisfactory (save as respects the above mentioned claims to turbary and turf lands).

Clonmel.—The rents are satisfactory. The main drain lately completed by the Board is doing much service. The financial position of the school continues to improve; the overdraft has been reduced from £290 16s. 2d. to £225 18s.

Armagh.—The arrears at November, 1884, is larger than usual, owing chiefly to a number of appeals pending from decisions of the Sub-Commissioners of the Irish Land Commission. But these will be disposed of this month (June), wherenpon a large amount of arrears, our agent expects, will be got in.

Cavan.—Nearly all rents have been paid to November, 1884, there being but £15 uncollected.

Enniskillen.—More than a year's rent has been collected.

Raphoe.—Our agent has during the past year got in nearly a year and a half's rent, and he reports that he has but seldom to use legal measures. The improvements sanctioned by the Board are giving good returns. We have given authority to our agent to expend a sum of £50 on improvement of dwellings on this estate, which he says is much needed.

Dungannon.—The payment of rent on this estate has not been good. This our agent reports is owing to the low price of cattle last year.

Appended will be found (A.) a list of Royal Scholars; (B.) Rules and Regulations for Royal Scholarships in Trinity College; (C.) a Table of Attendance at the Schools under the Regulation of the Commissioners of Education, and for the purpose of comparison a similar table for the previous year; (D.) a Statement of Accounts for the year ending 31st December, 1884; (E.) a Table showing the Rental, &c., of the estates vested in the Commissioners, and (F.) a Table showing the sums expended on works of estate improvement.

B.—ROYAL SCHOLARSHIPS IN TRINITY COLLEGE, DUBLIN.

REGULATIONS OF "THE COMMISSIONERS OF EDUCATION IN IRELAND," FOR 1885.

"The Commissioners of Education in Ireland" have founded Exhibitions called "Royal scholarships," for students who shall enter Trinity College from the Royal schools of Armagh, Dungannon, Enniskillen, or Cavan. One scholarship of £40 and one of £30 will, if sufficient merit is shown, and if there are funds available for that purpose, be awarded in each year to candidates from Dungannon and Enniskillen; and one of £25 to candidates from Cavan Royal school. The Armagh scholarships are, for the present, suspended for want of funds.

These scholarships can be obtained by such students only as have been three years in all, previously to their entrance into Trinity College, pupils in some one or other of the Royal schools. It is not, however, hereby intended to prevent pupils from moving from one of these schools to another; but the scholarships founded for the respective schools of Armagh, Dungannon, Enniskillen, and Cavan, can be obtained only by students who have entered the University from the schools for which such scholarships have been founded.

Royal scholarships are tenable for four years, subject to certain conditions hereafter mentioned.

The provost and senior fellows appoint examiners in each year, to examine, on the first convenient day after the second entrance, in the month of October, such students as have entered from the said four Royal schools, and shall offer themselves as candidates for these scholarships.

In 1885, the examinations will be in the subjects selected by the Board and Council of Trinity College for their Junior Exhibition Examination. The scale of marks in both Examinations will be identical.

No rater shall be admitted as a candidate, who shall not have remained at one of the Royal schools to which the scholarships are attached till the seniorship entrance examination next preceding the examination for Royal Scholarships at which he may be a candidate.

No other student shall be admitted as a candidate for a Royal scholarship who shall not have remained at one of the Royal schools to which the scholarships are attached till an entrance examination in Trinity College, in the month of October next preceding the examination for Royal scholarships.

In 1885 no student who shall have attained 19

years of age on the 1st day of October can be a candidate for a Royal scholarship.

Each candidate shall produce to the secretary of the Commissioners a certificate signed by the master of the Royal school from which he shall have entered Trinity College, certifying that he is duly qualified according to the above-stated rules; such certificate countersigned by the Secretary to the Commissioners, to be subsequently handed by the candidate to the examiners.

No student can be a candidate a second time.

The candidates from all the schools shall be examined together, and a return made to the Commissioners of their positive merit; and also an arrangement of the candidates according to their answering, without distinction of schools.

The Commissioners reserve to themselves the power of suspending or diminishing one or more scholarships if sufficient merit has not been shown.

A Royal scholarship becomes forfeited by the holder of it incurring any heavy collegiate censure, such as public admonition, or rustication; failing to proceed regularly with his class without the leave of the Board of Trinity College; or failing to obtain in any year either one honor of the first rank, or two honors of the second rank.

Each of the following distinctions is reckoned as equivalent to one honor of the first rank; a University Moderation— a University Scholarship—the Berkeley Gold Medal—the Vice-Chancellor's (Latin) Gold Medal—the Lloyd Exhibition—the Wray Prize—Success in the First Indian Civil Service (competitive) Examination, or at the Cooper's Hill Engineering College, or Woolwich or Sandhurst Entrance Examinations. And each of the following distinctions is reckoned as equivalent to one honor of the second rank; the election itself to one of the Royal Scholarships, obtaining a Respondency, or a first class at the Litologia.

The exhibitions become due half-yearly, viz., on the first of May, and on the first of November. Payments will be made in May to such students only as have obtained in the preceding part of that year at least one honor of the second rank. A half-yearly payment held over in May will be made in November, provided an honor has been obtained in the meantime; and

* Note.—This Scholarship is only payable in case there are funds available for that purpose.

payment for the entire year will be made in November to such students as had not qualified for the May half-year's payment, and shall have then fulfilled all the requisites for the entire year. Payments in respect of Royal scholarships at each of the above-mentioned Royal schools, will only be made where there is residue of funds available for that purpose from the estate of that school after the payment of all prior charges upon the school funds.

In case where very distinguished merit has been shown during their undergraduate course by students holding minor scholarships, and where scholarships for the same school remain suspended, or have been forfeited, the Commissioners will, at the close of each year, receive memorials from such students for an increase of their stipend.

The names of Royal scholars are placed on the college books, immediately after the names of the university scholars, without, however, altering their degrees of seniority amongst their class-fellows.

MIDDLTON SCHOOL.

"The Commissioners of Education in Ireland" will grant annually two prizes, one of £30 and one of £10, to be competed for by such junior freshmen who shall, subject to the rules prescribed for the Royal schools, have entered Trinity College, Dublin, from Middleton school, and shall have been examined along with the candidates for the Royal scholarships and in the same course.

The Commissioners reserve to themselves the right of withholding or reducing these prizes where sufficient merit has not been shown.

Note.—The course of examination for Royal scholarships may be varied from time to time by the Commissioners.

ROBERT McDOWELL, Secretary.

62, Upper Mount-street.
